To whom it may concern;

I have been working with David Brotman and DBS Audio Systems since 1998. During that time, DBS Audio has provided support for a wide range of permanent audio systems installations for Abercrombie & Fitch stores, as well the East Coast Alliance fitness show which has been ongoing yearly fitness conference for over 19 years.

Dave and his team have been exceptional to work with. Punctual, prepared, and detail oriented, Dave and his team also bring a vast array of knowledge to their projects as well as superior installation skills. His team has a wide range of live audio control and mixing knowledge, which translates to perfectly tuned rooms.

My ongoing relationship with Dave Brotman includes collaboration on many types of AV projects and ongoing, extensive discussions about the latest equipment and trends in the AV business. DBS Audio is known for their expertise with the latest technology

I can personally attest that Dave and his DBS team always go above and beyond for the work for which they are contracted. I enthusiastically recommend the DBS Audio team for any AV system purchase or installation, and happily look forward to the next time we are able to work with them.

Sincerely,

David Schwartz
